

Success Stories

Government Complexes

Providing grounds maintenance and landscaping services to government buildings and complexes is a core part of McDonnell Landscape's business. Since 1983, we've been servicing clients in the Washington metro area. In addition to the projects profiled here, McDonnell Landscape has provided services to the Old Executive Office Building, Vice President's Residence, Department of Commerce, and Department of the Interior, among others.

Fairfax County Dept. of Parks

Project Scope:
Grounds maintenance for 93 acres of roadways, parks, community centers, and buildings. Services provided — trimming, edging, trash removal and grass cutting.

FBI Building

Project Scope:
Installed new planters with security features around the building. High security clearance required.

Arlington County Government

Project Scope:
Providing grounds maintenance services for 286+ acres of libraries, parks, fire stations, common areas, roadways and government buildings. Services provided — grass cutting, mulching, edging, weed control, leaf removal, trimming, fertilization, and trash removal.

Military Bases

McDonnell Landscape's experience with military bases includes:

- landscaping
- grounds maintenance
- snow removal
- sitework

U.S. Naval Academy

Project Scope:
This grounds maintenance and landscape contract is a post-wide contract for the U.S. Naval Academy located in Annapolis, MD. Scope of work: ceremonial preparation, maintenance of officers' quarters, large turf replacement and

renovation projects, and new landscape installation delivery orders.

Bolling Air Force Base
Andrews Air Force Base
Washington Navy Yard
Fort Belvoir

Project Scope:
These were all post-wide installation contracts which involved delivery orders to put in trees, shrubs, groundcovers, sod, topsoil, etc.
We have the experience, the crews, the systems, and the equipment required to provide high-quality service to large bases.

- McDonnell Landscape has 20 years' experience with snow removal service using our dedicated drivers and equipment. McDonnell provides 24/7 access to many military bases, including Ft. Belvoir, to keep secure locations operational during snow emergencies.
- McDonnell Landscape has extensive experience working in high-profile sites with frequent VIP visits
- Ongoing local projects ensure that there will be a trained work force, equipment, and resources available to meet any contingency
- McDonnell Landscape is equipped to manage high-security projects
